

## Here how's the program works!

### Submit a application for approval of sidewalk replacement.

- After the approval, contact a bonded concrete company to do the work. A list of bonded contractors is available.
- Inform the City of the company
- The city will do an inspection prior to pouring, in addition to a final inspection. Please notify the office when you are ready for the pre-pour inspection.
- After work is finished submit a paid copy of the invoice to the City.

## How the Reimbursement Plan Works and rates.

### Reimbursement Details

- Project that cost less than \$400.00 the City will reimburse 50%.
- Project that cost \$400-\$750.00 the City will reimburse \$250.00
- Project that cost \$751-\$1000: The City will reimburse \$300.00
- For project that cost more than \$1000: The city will reimburse \$400.00
- For project with lots that exceed 90ft of total frontage: Reimbursement on an individual case basis. (call for details if applicable).

### Our Mission as a City.
