As America commemorates its 250th anniversary in 2026, we pause to recognize the courage, dedication, and sacrifice of the men and women who have served in the United States Armed Forces and First Responders. Your commitment to protecting our nation's freedoms has left a lasting legacy, and we are deeply grateful for your service.

Enclosed is an invitation to our First Responders and Veterans Night. We would be honored to welcome you as our guest while our school, students, and community come together to celebrate your service, reflect on your sacrifices, and express our heartfelt appreciation in person. Please share with all First Responders, Veterans, and US Military.
