DID YOU KNOW?

This event, while provided as a free service to Hamilton County residents, does come with significant costs. Hamilton County R3Source will be charged a minimum of \$72 for each vehicle participating in this event. The disposal fees for these products regularly rise to more than \$100,000 with each event. It is because of these costs that we ask you to join us in working to reduce the amount of household hazardous products by seeking out alternatives and buying only what you need. Learn more about steps you can take at TakeBackYourHome.org.
